

April 16, 2020

Dear Respected Colleagues and ANSSH EC Members,

In the light of the coronavirus (COVID-19) pandemic and according to the consensus replies from ANSSH EC members, I would like to announce the postponement of our biennial ICANS conference (International Conference on Adaptations and Nutrition in Sports) as follows.

- Date: from July 10-13, 2020 to July 9-12, 2021
- Place: Taipei, Taiwan.

Since ICANS 2020 activity has been predetermined in relation to Tokyo Olympic 2020, then ANSSH will keep the above principle. However, the further modifications may be considered based on schedule of Tokyo Olympic. In the meantime, ANSSH will keep contact with:

- Numbers of high potential speakers and chairpersons
- Already registered participants
- Rush the new announcement as soon as COVID19 had been subsided to safety level

ANSZH will continue to monitor all announcements related to COVID-19 and following advice provided by the World Health Organization and the host Government. Further updates about upcoming meetings will be provided. Lastly, I would like to thank for Prof. Chia-Hua Kuo, his team, and colleagues from Taiwan, we really appreciate your effort.

Yours faithfully,

Rungchai Chaunchaiyakul

President,

The Asian Nutrition Society for Sports and Health (ANSZH)
